### **Regulation (EU) No 2019/1021 of the European Parliament and of the Council of 20 June 2019 on persistent organic pollutants.**

Persistent organic pollutants (POPs) are organic substances that persist in the environment, accumulate in living organisms and pose a risk to our health and the environment.

Photo Data Test Services Ltd is not a producer nor an importer of Persistent organic pollutants. However Photo Data Test Services Ltd responsibly ensure the environmentally sound disposal of waste consisting of, or contaminated by POPs through our local authorities recycling scheme(s), or if necessary, a qualified waste disposal company demonstrating our awareness of environmental management within our company.

If you require any further information, please do not hesitate to contact me on [fil@photodata.com](mailto:fil@photodata.com) or +44 (0) 1462 452616

A handwritten signature in black ink, consisting of a series of loops and lines, positioned above a horizontal line.
